Category: Input / Output, USB internal

InLine® Dual View Full HD Dockingstation DVI + HDMI USB 3.0 & 2.0 LAN max 2048x1152

Art.-Nr.:33285 - EAN:4043718232901

The InLine® USB3.0 graphics adapter with docking station offers desktop computer users the convenience of accessing the peripherals within the reach, eliminating the hassle of connect or disconnect the peripherals from the rear of a computer. With the video port your computer can be connected to one more monitor, LCD or projector. The connected monitor can be configured to either mirror your primary screen, or extend the Windows desktop allowing visibility of more applications at the same time. No more stacking windows within the confines of a single display. Features:

- Great expansion unit for computers with extra connectivity demand
- Extends connectivity to USB peripherals: Usb3.0 x 2 + Usb2.0 x 4
- Ethernet network: 1000Mbps/100Mbps/10Mbps
- 2 additional Video Ports:
 - - HDMI (HDCP) with Audio + Video (Resolution: 2048 x 1152)
 - - DVI with Video (Resolution: 2048 x 1152)
- Creative appearance complements any home or office space
- Hot pluggable - add or remove devices without system reboot
- Plug-and-Play
- Resumes from hibernation and suspend modes

Package contents:

- InLine® USB3.0 graphics adapter with docking station
- Driver CD
- Quick installation guide
- USB cable
