- 60W RMS total output power
- Rich bass

Connect to all your gear

- USB and SD card slots for photos and music playback
- FM tuner for radio enjoyment
- Perfect for MP3, PC, TV, CD & more

- Bass boost technology with level control

Contemporary design

- Compact design for optimal portability
- High quality built-in speakers for rich and clear sound

Simplicity in use

- Works with any Bluetooth-enabled device

Features

5.1 surround sound

Be at the heart of the movie and gaming experience and totally immerse yourself in sound.

PHILIPS

60W RMS total output power

smartphones, tablets or even laptops including iPod or iPhone on Bluetooth-enabled speaker easily.

USB and SD card slots

Thanks to the complete file transferability, you can easily enjoy the convenience and fun of accessing more music and photos via the USB and SD card slots.

FM tuner

The built-in FM tuner lets you enjoy your favorite songs or news from your radio station every day. Simply tune into the station that you want to listen.

RMS refers to Root Mean Square which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. Essentially, amplifiers are limited by the electrical energy they can amplify and loudspeakers by the electrical energy they can convert into sound energy, without distorting the audio signal. The higher the wattage, the better the sound power emitted by the speaker.

Bluetooth-enabled

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to other Bluetooth devices, so you can play your favorite music from any

Perfect for MP3, PC, TV & more

Connect your speakers to all your gear. A great way to listen to your MP3 player, PC, TV, CD, DVD and all your multimedia stuff.

Rich bass

This Philips PC speaker provides good sound quality with a rich bass experience from a loudspeaker box system.

Bass with level control

Unique subwoofer design produces a much deeper, richer bass. You also have the possibility to set the bass level to your choice.

Compact design

Thanks to the compact design you can easily carry the power solution with you when you are on the go.

High quality built-in speakers
