Turns your Hi-Fi into a wireless sound system

- Connects to almost any Hi-Fi or PC speaker system
- Uses RCA or 3.5mm jack to connect adapter
- Enjoy better sound than from your smartphone

Simplicity in use

- Plug-and-play for easy use
- Smooth and compact design

PHILIPS

Highlights

NFC technology

Pair Bluetooth® devices easily with one-touch NFC (Near Field Communications) technology. Just tap the NFC enabled smartphone or tablet on the NFC area of a speaker to turn the speaker on, start Bluetooth® pairing, and begin streaming music.

High fidelity Bluetooth®

With advanced technology, sound streamed via Bluetooth® is brought to the next level. Standard Bluetooth® audio uses SBC codec that is built for basic audio transmission, leaving listeners sometimes disappointed and dissatisfied. The Hi-Fi adapter, however, is armed with high fidelity (aptX® and AAC) Bluetooth® wireless technology – giving you rich, powerful and crystal clear sound. Compatible with both latest Android™ and Apple iOS smartphones, tablets and other devices, Philips now delivers the audio quality you have come to expect. Wireless music never sounded this good.

RCA or 3.5mm jack

Standard analogue RCA or 3.5mm jack (cable included).

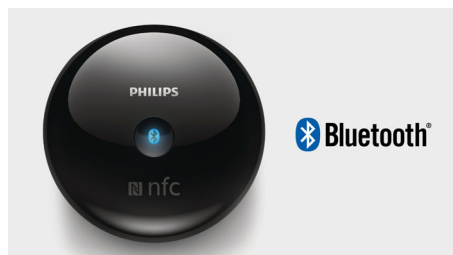

Enjoy better sound

You love music, and have a huge library on your smartphone and tablet. But the built-in speakers just don't sound right. With the Bluetooth® Hi-Fi adapter you can listen to all your favorite music in better sound.

Plug-and-play

The Bluetooth® Hi-Fi adapter connects readily to your favorite Hi-Fi. Just plug it in the RCA or 3.5mm jacks, and you are ready to play music from your smartphone or tablet on your Hi-Fi.

Bluetooth® connectivity

The Bluetooth® Hi-Fi adapter uses Bluetooth® to connect to your smartphone or tablet.

Compact design

The Bluetooth® Hi-Fi adapter features a compact and streamlined design, looking perfect on your favorite Hi-Fi.

Links to smartphone or tablet

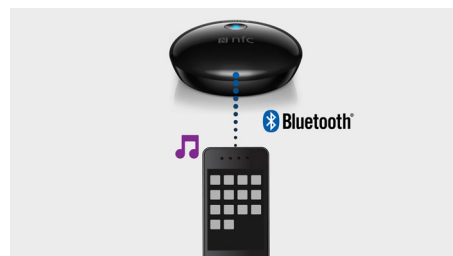

Bluetooth® Hi-Fi Adapter works with Bluetooth®-enabled phones and tablets. Just turn on Bluetooth®, connect to the Hi-Fi adapter and play music from your smartphone/tablet on your Hi-Fi.

Stream music library

You store your music on smartphone and tablet. With Bluetooth® Hi-Fi Adapter, you can stream all your music from your music library to your Hi-Fi system.

Stream online music apps

Every music lover has his favorite music service or online radio apps on his mobile devices. Now you can play them directly on your Hi-Fi system.

Works with most Hi-Fi systems

You can connect the Bluetooth® Hi-Fi adapter to almost any Hi-Fi or PC speaker system using standard analogue RCA or 3.5mm jack.
