H	⭤	USB connector
I	RESET	
J	🔒 slider	Hold slider to lock/unlock all keys (except -VOLUME+)

1 Install

1 Insert the CD supplied with your product into the CD ROM drive of your PC.
2 Follow the on-screen instructions to complete the installation of **Philips Device Manager**.

2 Connect and charge

A **Connect to PC**

When you connect the player to the PC, it automatically charges.

1 Before you use the player for the first time, charge it for at least 5 hours.
  > *The battery has a 100% charge after 4 hours and an 80% charge after 2 hours.*
2 Connect the supplied USB cable to the mini USB port at the bottom of the player, the other end to your PC.
  > *The player will start to charge as soon as it is connected to your PC.*

B **Read the battery level indication of your player**

The approximate power levels of your battery are indicated as follows:

Full	Two-thirds full	Half full	Low	Empty

Note When the batteries are almost empty, the battery screen ▭ blinks. The player saves all settings and unfinished recordings and switches off in less than 60 seconds.

3 Transfer

The player appears as a USB mass storage device in **Windows Explorer**. You can organize files and transfer music, video, picture and text files to your player during USB connection.
1 Click and highlight one or more songs to transfer between the player and the computer.
2 Use drag and drop actions to complete your transfer.

Note Only supported file formats (see technical data section of the user manual) are suitable for transfer.

4 Enjoy

A Turn on and play

To turn on, press ⏻/▶❚❚ until the display shows the Philips logo.
To turn off, press and hold ⏻/▶❚❚ until the display shows 'Bye'.

B Main menu

Access options menu	Press OPTIONS

Video

Video play

You can play video clips that are stored on the player.

1 From the main menu, select 🎬 to enter Video mode.
   > *A list of video files stored on the player is displayed.*
2 Press ▲ or ▼ to select the file and press ▶❙❙ to play.
3 Short press ↩ to go back to the previous menu, and long press ↩ to return to the main menu.

Fast forward / backward control

The player enables you to scan videos in fast forward / backward mode.
Fast forward / backward

1 Long press ▶ to select 4x normal speed.
   > *Press ▶❙❙ anytime to resume normal speed play.*
2 While in 4x normal speed mode, press ▶ to cycle through the following speed options: 8x normal speed > 16x normal speed > 4x normal speed…

Note File formats that are not supported by the player can cause lip sync issues during video play. The supported video formats are listed in the technical data section of the user manual.

Play videos on your TV

You can play video clips from the player on your TV.

1 Connect the mini USB plug with the player.

2 Connect the red, blue, and green/yellow component plugs of the supplied cable with the component jacks on your TV.

3 On SA054, **Settings** > **Desplay settings** > **TV-out signal**.

4 Press ▲ or ▼, then ▶II to select **Component video (YUV)**.
  • For TV sets that with composite jack only: Connect the green/yellow component plug of the supplied cable with the composite jack on your TV. (The green/yellow component plug acts as composite plug in this case.) On SA54, press ▲ or ▼, then ▶II to select **Composite video (CVBS)**.

5 Connect the red and white audio plugs of the supplied cable with the audio-in jacks on your TV.

USB charger
(sold separately)

> *The picture is displayed on the TV 3 seconds after the yellow video plug is connected to the yellow jack on your TV.*

9

Radio

From the main menu, select to enter radio mode.

Connect the headphones

The supplied headphones serve as a radio antenna. Ensure you connect the headphones properly for an optimal reception.

Auto tune

1 From the Radio menu , select **Auto tune**.

> *The radio automatically tunes radio stations and saves the frequencies to presets.*
> *The radio can store up to 20 radio station to presets.*
Play a preset radio station

1 From the Radio menu , select **Presets**.

2 Press ▲/▼ to select preset, ▶II to start playing.

3 Press ◀/▶ to change to another preset.

4 To fine tune frequency, quick press ▲/▼.

5 To search for the next stronger signal, long press ▲/▼.

To exit radio, long press ↺.

Recordings

You can record audio with the player.

Make recordings

1 From the main menu, select 🎤.

2 Press ▲ or ▼ to select the **Start voice recording**, then ▶II to start.

> *The player records and shows the recording display.*

3 Press ▶II to pause.

4 Press ↩ to stop and save the recording.

> *Your recordings are saved in the Recordings library on the player.*

5 You can find the voice recordings file under 🎤 > **Recordings library** > **Voice recordings**.

Tip You can pause and restart a recording anytime with ▶II.

Play recordings

1 From the main menu, select 🎤 > **Recordings library** > **Voice recordings**.

2 Press ▲ or ▼ to select the recording you want to hear.

3 Press ▶II to play.

Troubleshooting

How do I reset my player?

Insert a small pin or other sharp object into the reset hole located at the bottom of the player. Hold until the player shuts down.

If none of the above works, then you may have to use the Device Manager to recover your player:

1 Launch the **Philips Device Manager** at **Start** > **Programs** > **Philips Digital Audio Player** > **SA054** > **Philips SA054 Device Manager** on your PC.
2 Turn off your player.
3 Press and hold the OPTIONS button and the ↰ button simultaneously while your player is connecting to the PC.
4 Keep holding the key until the **Philips Device Manager** acknowledges your player and goes into recovery mode.
5 Click the **Repair** button and follow the instructions given by the **Device Manager**.
6 After the player has been repaired, disconnect it from your PC and re-start.

Disposal of your old product

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused.

When this crossed-out wheeled bin symbol is attached to a product it means the product is covered by the European Directive 2002/96/EC

Please inform yourself about the local separate collection system for electrical and electronic products.

Please act according to your local rules and do not dispose of your old products with your normal household waste. The correct disposal of your old product will help prevent potential negative consequences for the environment and human health. The built-in rechargeable battery contains substances that may pollute the environment. Always hand the appliance in at an official collection point to remove the battery before discarding the appliance. Battery should be disposed of at an official collection point.
